Launch App

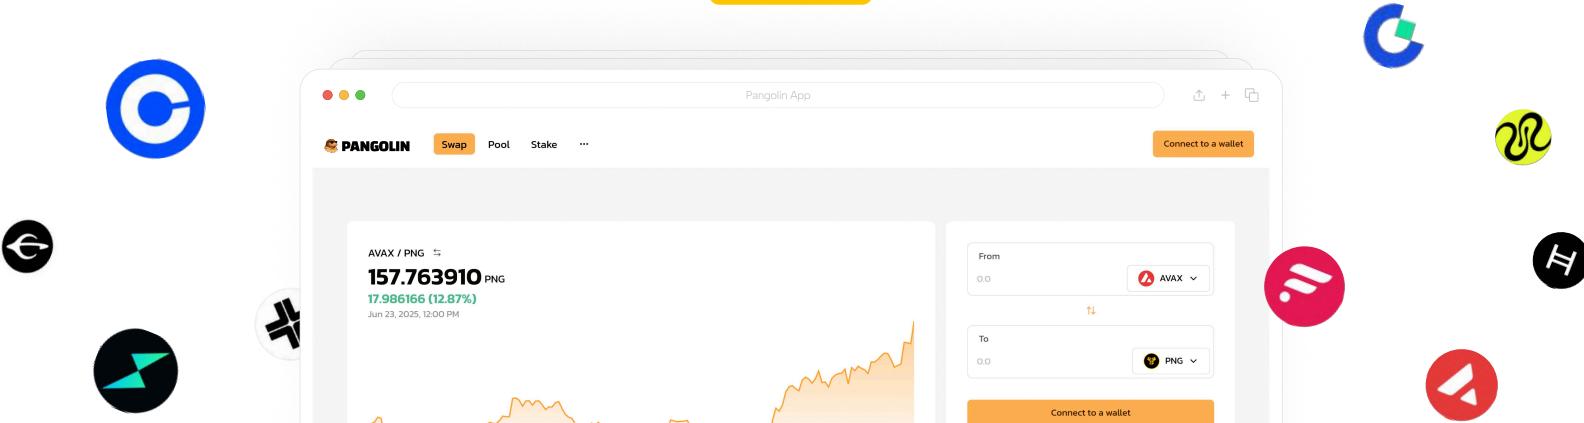

Built for the future. Trusted by thousands.

THE GATEWAY TO SEAMLESS DIGITAL ASSET TRADING

A fast, secure multichain DEX with powerful tools, deep liquidity, and smooth onboarding.

Launch App ↗

The screenshot shows the Pangolin App interface. At the top, there's a navigation bar with tabs for 'Swap' (which is active), 'Pool', 'Stake', and '...'. Below the tabs, a transaction summary is displayed: 'AVAX / PNG' with a total amount of '157.763910 PNG' and a note '(12.87%)' in green. Underneath this, a chart shows the price trend for AVAX over time. On the right side of the screen, there are two input fields for a swap: 'From' (set to '0.0' with 'AVAX' selected) and 'To' (set to '0.0' with 'PNG' selected). A large orange 'Connect to a wallet' button is at the bottom right of the input area.

Thanks!
